November 17, 2014

Dear Nancy,

We are very pleased to become a Live Well San Diego! Partner. The staff and entire board of directors supports this endeavor and are honored to carry the badge of service for the health and wellbeing of our County citizens.

As a stakeholder in the County Alzheimer's Project we have invested 40 hours of staff time to educate and provide information in caregiver and safety issues. The Glenner Memory Care Centers plans to pursue working with other Live Well! Partners in programs that manage the safety and wellbeing of our aging seniors. For instance, we have just begun to work with the Sheriff's Search & Rescue team to assist in promoting and gathering registrations for the Take Me Home initiative http://www.sdsheriff.net/co_tmh.html. We handout the County's "Caregiver's Handbook" produced by HHSA, we have a staff member dedicated to working with 211's calendar of community events. We intend to pursue Live Well! Partners businesses serving aging customers, such as pharmacies and medical clinics to promote community resources in Long-Term Supports & Services, as well as safety & prevention tactics for those with memory loss.

We thank you for this opportunity to serve.

Sincerely,

Anette Asher
CEO
