RE: Request for Consideration

Live Well San Diego Partnership:

The San Diego Veterans Coalition's Board of Directors requests consideration of the San Diego Veterans Coalition (SDVC) as a Live Well Partner. The SDVC's mission to improve support of veterans in the San Diego Region by: inspiring and encouraging collaboration and cooperation among service providers and veteran service organizations, advocating on behalf of veterans and their families for better integration of services, improving communication between veterans and providers to disseminate information and determine needs, and providing guidance and leadership which affects local change and serve as a model for other communities to emulate aligns perfectly with Live Well's commitment to support healthy, safe and thriving communities. The SDVC also aligns with the Live Well Partner philosophy by being *Influential, Going Above and Beyond, Measuring Progress, and Being Forward Thinking*. The SDVC has been honored to have the support of the County of San Diego since its inception. Never before has the community joined together to support veterans as they have with the SDVC, with over 130 public and private organizations collaborating as one. The Live Well initiative is the "next step" in building these positive partnerships to ensure San Diego County is providing the best support in the nation for our military and veterans community.

On behalf of the Board of Directors of the San Diego Veterans Coalition and the Coalition's membership, please accept our request for consideration.

Sincerely,

Robert Muth

Chairman of the Board of Directors, San Diego Veterans Coalition
