

Southeastern Live Well Center

LIVE WELL CENTER VISION FOR SOUTHEASTERN SAN DIEGO

The new Southeastern Live Well Center will be a beautiful, environmentally-friendly facility located near a historic intersection of the community that will provide easy access to a variety of health and social services for residents.

The Live Well Center will offer both County and community-based services that are trauma informed and culturally sensitive to promote the health and wellbeing of residents and strengthen families and communities.

Features Include:

Community meeting & conference space

Wellness and Meditation Garden

Chollas Creek Trail Extension

Public Art Inside and Out

LiveWellSD.org/centralregion

Rev. 04/18/2022

FAMILY RESOURCE CENTER

- The Family Resource Center will assist county residents seeking housing, medical insurance coverage, food and nutrition assistance, as well as financial and employment assistance.

FAMILY STRENGTHENING SERVICES

- Community-based Child Welfare Services will support efforts to reunify children with their families by providing visitation space and parent education in a more convenient location.

PUBLIC HEALTH

- Public Health Nursing will provide home visitation, health promotion, advocacy, outreach, and collaborative activities to enhance the quality of life for mothers and children.

BEHAVIORAL HEALTH SERVICES

- Improved access to wellness services will be offered, including community-based alcohol and drug treatment and mental health services for adults.

RESTORATIVE JUSTICE SERVICES

- Using TRUST (Treatment, Restorative justice, Uniting Supportive services with Trauma-informed care), Probation will support youth and adult clients through a restorative justice model that enhances community safety for all residents.

CHILD SUPPORT

- The Department of Child Support Services delivers family-centered services by collaborating with parents to establish and enforce court orders for financial support to support the long-term well-being of their children.

OLDER ADULTS & PEOPLE WITH DISABILITIES

- Community-based services will be available to older adults, people with disabilities and their family members, to help keep residents safely in their homes and promote healthy and vital living.

WORKFORCE DEVELOPMENT

- Resources for job readiness and training will be available for adults and youth seeking employment and vocational services.

MILITARY & VETERANS SERVICES

- Military, veterans, survivors and dependents will receive widely ranging community-based support services.

COMMUNITY SERVICES

- Additional services provided by local community partners and providers will be available to support residents.
