The new Southeastern Live Well Center will be a beautiful, environmentally-friendly facility located near a historic intersection (the southeast corner of Market Street and Euclid Avenue) that will provide easy access to a variety of health, social services and community meetings for residents.
The Public Art at the County of San Diego Southeastern Live Well Center represents and celebrates the history, diversity and cross-cultural experiences of the community while educating, creating beauty, inspiration, and healing.

*We want the art to represent and inspire our community. Your opinion is important!*
