Resolution of the Board of Directors of YWCA of San Diego County to accept recognition as a part of the Live Well San Diego Initiative and support the County of San Diego in its commitment to bring positive change to the health and well-being of San Diego County residents.

- Founded in 1908, YWCA of San Diego County provides culturally responsive and trauma-informed programs and community services to help individuals and families overcome domestic violence and homelessness and achieve lasting independence.
- YWCA of San Diego County promotes healthy lifestyles, including but not limited to violence prevention, physical activity, nutrition, alcohol and drug use prevention, mental health and suicide prevention, and other positive choices through individual and group education for clients and staff.
- YWCA of San Diego County enforces alcohol, drug, and smoke-free policies in work and living environments for all employees and clients in compliance with state, local, and federal laws.
- YWCA of San Diego County will partner with the County of San Diego's Health and Human Services Department through activities that support the Live Well San Diego Initiative.

The Board of Directors hereby authorizes YWCA of San Diego County to support the County of San Diego Live Well Initiative.

Approved at a meeting of the Board of Directors on June 27, 2018.
