

PROCLAMATION

Presented by Board of Supervisor Ron Roberts

HONORING Community Information Exchange

WHEREAS, the health, safety and well-being of residents is of primary concern for the County of San Diego and on July 13, 2010, the San Diego County Board of Supervisors adopted the Live Well San Diego initiative to achieve the County's vision of safe, healthy and thriving communities; and

WHEREAS, the Live Well San Diego initiative is about uniting all sectors—businesses, schools, military and veteran's organizations, community- and faith-based organizations, and all levels of government—in order to bring about positive change; and

WHEREAS, Community Information Exchange is a pioneer in comprehensive technology-enabled care coordination through the creation of client-centric dashboards that support Community Based Organizations (CBOs) in applying whole-person care principles to better serve the thousands of San Diegans receiving services from more than one program or organization; and

WHEREAS, Community Information Exchange has shown a vested interest in building collaborative partnerships with a wide range of public and private agencies, including the County of San Diego, in pursuit of collective impact on the service delivery and care-coordination for downtown San Diego's homeless individuals; and

WHEREAS, Community Information Exchange interest in improving health outcomes applies to its internal philosophy of encouraging healthy eating and snacks during office meetings, as well as providing health insurance and Employee Assistance Program access in support of employee health; and

WHEREAS, Community Information Exchange is committed to continuing to advance Live Well San Diego into the future, and is embracing strategies of this initiative in ways illustrated here:

- *Building a Better Service Delivery System through their information sharing technology and services that enhance CBOs' knowledge of underserved client's social needs so that they can better coordinate care across organizations and programs.*
- *Supporting Positive Choices by supporting healthy habits in the workplace and providing health insurance access and mental health support to employees.*
- *Pursuing Policy and Environmental Change by exploring the development and implementation of various common client consent processes and authorization forms to streamline the delivery of care and services while protecting the rights of clients.*

WHEREAS, the County of San Diego is committed to recognizing and honoring community agencies that support the creation of healthier and more safe neighborhoods;

NOW THEREFORE, BE IT PROCLAIMED by Ron Roberts and all members of the San Diego County Board of Supervisors on this 11th day of December 2014 that they commend and hereby recognize Community Information Exchange for its work for outstanding service, leadership, and commitment to supporting the *Live Well San Diego* initiative and do hereby declare this day to be Community Information Exchange *Live Well San Diego* Day throughout San Diego County.
