

Nancy Garcia, MSW
Manager, Community Programs
Aging & Independence Services
County of San Diego Health & Human Services Agency

August 3, 2017

Dear Nancy,

On July 20, 2017, the Skinny Gene Project's Board of Directors authorized and approved the organization to enter into a partnership with the County of San Diego's Live Well Program. The Skinny Gene Project is committed to working collectively with the Live Well program to create change and establish healthy, safe and thriving lives for the residents of San Diego County. The Skinny Gene Project welcomes the opportunity to collaborate, plan and implement projects that support the vision of Live Well San Diego.

The Board Members of the Skinny Gene Project look forward to working with the County of San Diego and the network of like-minded partners dedicated to the initiatives of Live Well San Diego.
