

**RESOLUTION IN SUPPORT OF THE LIVE WELL SAN DIEGO PARTNERSHIP**

Whereas the mission of Sustainable Surplus Exchange (SSE) is to support teachers, students, military, nonprofit and start-up organizations through the redistribution of donated surplus assets from commerce – everything from office supplies and furniture to computers and lab equipment;

WHEREAS the purpose of SSE it to practice, educate, and build awareness of sustainability, as well as conserve our natural resources and reduce the carbon footprint of waste by diverting items from the landfill;

WHEREAS the programs of SSE are focused on fostering community ENGAGEMENT to create environmental, economic and equitable sustainability;

NOW, THEREFORE, be it resolved that through these efforts Sustainable Surplus supports the County of San Diego's *Live Well San Diego* initiative and joins as a partner organization on the path to connect organizations of every kind—cities and governments, businesses, healthcare organizations, schools, and community- and faith-based organizations—through a shared purpose. SSE directly promotes *Live Well San Diego's* goals of creating healthy living, as well as a clean environment by reducing greenhouse gas emissions through the diversion of still-useful items from the landfill.

PASSED and ADOPTED December 14, 2015 by the SSE Board of Directors of Sustainable Surplus Exchange.
