

House of Metamorphosis Resolution

Quote from partner representative about *Live Well* designation

House of Metamorphosis, Incorporated (HOM, "The House") is a non-profit organization founded in 1976 to provide drug and alcohol treatment services and prevention, early intervention (mental health) services. HOM is an opportunity for life transformation and our mission is to assist substance abusers in overcoming their addiction, address mental health conditions, restore balance plus serenity in their life, and return them as productive citizens of the community.

"Building better health by changing the way we think, eat, exercise and our spiritual worship is what will contribute to our safety and well-being today. The *Live Well San Diego* initiative has given us the opportunity to revisit all the aforementioned and improve our quality of living well and implementing healthier choices. Our goal is to continue to strive for the highest quality of care for all we serve."
