San Diego Live Well Partnership:

The Operation Engage America Board of Directors requests consideration of Operation Engage America as a Live Well Partner. Operation Engage America links Veterans, Transitioning Service Members, First Responders and their families to a broad range of resources to improve their chances to thrive in our community.

Operation Engage America's mission (engage, educate and connect) also aligns with Live Well partner philosophy by hosting programs that support healthy, safe and thriving communities by educating at-risk community members in healthy lifestyles, both physically and mentally.

Operation Engage America has been proactive in seeking partnerships throughout the city, county and even nationally to further support our target population. We partner on a national level with VA, both the Health and Benefit Administration offices as well as TriWest Healthcare Alliance. Locally, we are closely associated with 2-1-1 San Diego, to ensure that the resources we offer are thoroughly vetted, the County of San Diego Board of Supervisors, the San Diego Veterans Coalition and United Veterans Council.

A Live Well partnership will be a positive step forward for Operation Engage America to ensure that we, as a San Diego nonprofit, are providing the best support in the nation to our Veterans, Military, First Responders and the community-at-large.

Sincerely,

Jean D. Somers
Chairman of the Board
