**STRATEGIC DOMAINS**

1. **Person-Centered**
2. **Data**
3. **Collaboration**
4. **Sustainability**
5. **Equity**
• Board of Supervisors Direction to Act

• Seek Community Engagement/Participation

• Return with:
  • Identified locations
  • Funding Plan
  • Implementation Plan
Inform the Community: Inform community members about specific options to provide emergency solutions, such as shelter and safe parking together with services.

Engage the Community: Take in specific community input as one factor in considering specific locations, housing options, and service types.
OPTIONS FOR DISCUSSION

Sleeping Cabins: Individual/couple units w/ bed, desk, A/C and lockable door.

Safe Parking: Safe, legal location to sleep in one’s vehicle or RV (depending on the site).

Congregate Shelter: A group site similar to a dormitory with shared living spaces and no private bedrooms.

Safe Storage/Services: A place to safely store belongings and access services/support that does not include housing on site.
EMERGENCY HOMELESS SHELTER - EXAMPLES
EMERGENCY HOMELESS SHELTER
- EXAMPLES
SAFE PARKING/SAFE SLEEPING - EXAMPLES
SPRING VALLEY POTENTIAL OPTIONS

- **Option A:** Safe Storage & Services Day Center
- **Option A:** Safe Parking
- **Option B:** Sleeping Cabins
- **Option B:** Sleeping Cabins
- **Option B:** Permanent Housing (Tiny Homes)
- **Option B:** Congregate Shelter
LAKESIDE POTENTIAL OPTIONS

Option A*: Sleeping Cabins & RV Parking
Option B: Sleeping Cabins

*Option A will have laundry (1 w/d per 20 participants) and shower/restroom facilities although RVs are on the site. Roughly 1 bathroom per 10 pallet participants.
We have heard a range of important points from the community about homeless solutions, including convenience, security, on site services, availability of transportation/health support and more. Are there other issues important to you about emergency solutions such as shelters or safe parking in your community?

Of the options provided on the map, which is your preference? Why?

All sites are being planned to include on site services, laundry, site/area clean-up, 24/7 contact number, security, and on-site staff. Are there other types of services you would like to know are offered? Why?

We plan to work with public safety and code compliance partners to understand and track any impacts possibly related to these efforts. That may include decreases in calls for service or differing needs from the community. At what frequency would you like to be kept up to speed about progress and implementation?

Going forward, once emergency solutions are in place, what type of information would you like to know about ongoing outcomes and activity?

Is there anything you want to share that was not covered today?
