

# RECOGNIZED PARTNER ACTION STEPS

LIVE WELL  
SAN DIEGO

## OVERCOME BARRIERS

We're making a pledge in three areas to make sure your participation pays off:

**Engagement:** We'll work with you to determine the right opportunities for your organization.

**Leadership:** We bring the right people together to identify and work on shared goals.

**Take Action:** We'll provide your organization with practical action steps to take.

"We want to make it easy for you to do more and get the most out of your experience. There are lots of ways to contribute at any level, and we'd love to personalize an action plan that fits you and your team."

– Zac Hansen,  
Community Health Program Specialist

## ACTIONS YOU CAN TAKE NOW

### Participate

Attend, host, or sponsor a Signature Event

### Speak

Share your expertise at the next Summit or Live Well Advance

### Host

Organize your own event or work with other organizations to create one

### Collaborate

Take action in community and sector-based work groups

### Communicate

Share your stories to help others learn best practices

Reach out directly to your Partner Liaison or contact [LWSD.HHSA@sdcounty.ca.gov](mailto:LWSD.HHSA@sdcounty.ca.gov) to create customized connections and action steps.

# GET INVOLVED

Recognized Partners like you are enjoying the benefits of ongoing engagement. Together, partners are working to address community and sector issues and supporting Signature Events that engage the community.

Check out their stories and more at [LiveWellSD.org/news](https://www.livewellsd.org/news)

## COMMUNITY LEADERSHIP TEAMS

*Live Well San Diego* Community Leadership Teams tie together the collective efforts of organizations and community groups in each region of the county and provide a central point for planning and organizing collaborative action. Leadership Teams were formed to help guide planning and identify priority work efforts in each region and involve leaders from *Live Well San Diego* Recognized Partner organizations, as well as community

leaders, stakeholders, and residents from the local area. Together, they engage in community enrichment efforts to help educate and mobilize communities, develop and address priority needs, identify resources, and plan actions to improve the regions' health and well-being. ## SECTOR LEADERSHIP TEAMS

As a part of the COVID-19 response, new stakeholders from every sector developed a connection to the County of San Diego and the *Live Well San Diego* vision through expanded industry sectors that brought timely and relevant information and guidance about COVID-19 to the community. As the COVID-19 pandemic transitions into an endemic disease, the Sector teams,

too, are experiencing a transition into Sector Leadership Teams that bring organizations together to collaborate, share resources and best practices, and improve the health and wellbeing of our communities.
