Children and COVID-19: State-Level Data Report

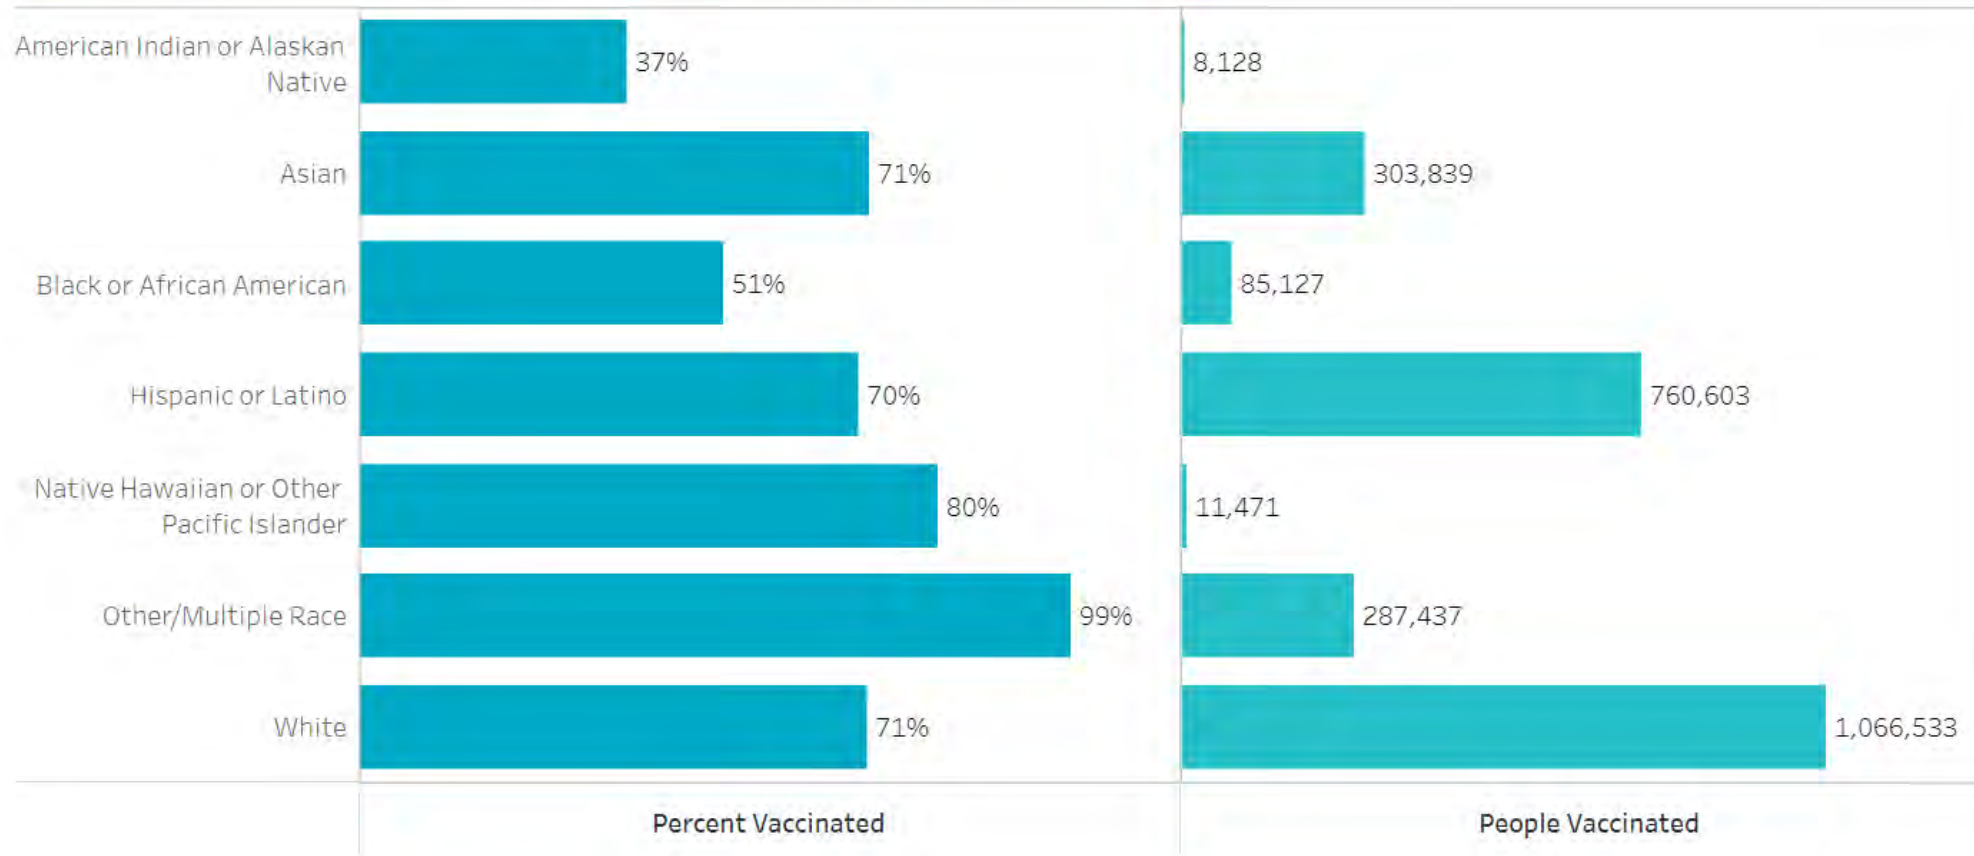

- For the week ending on April 20th, about 9,000 COVID-19 cases were reported among children and teens.
 - Approximately 15.5 million children have tested positive for COVID-19 since the beginning of the pandemic.
 - **Children represent 18% of all COVID-19 cases.**
- **Only 32.9% of 5–11-year-olds and 61.8% of 12–17-year-olds have completed their primary COVID-19 vaccine series.**

COVID-19 Vaccinations by Race/Ethnicity in San Diego County

LIVE WELL
SAN DIEGO

Primary Vaccine Series Completed Status by Race/Ethnicity

Summary of COVID-19 Vaccination Among San Diego County Residents

Data through
April 22, 2023.

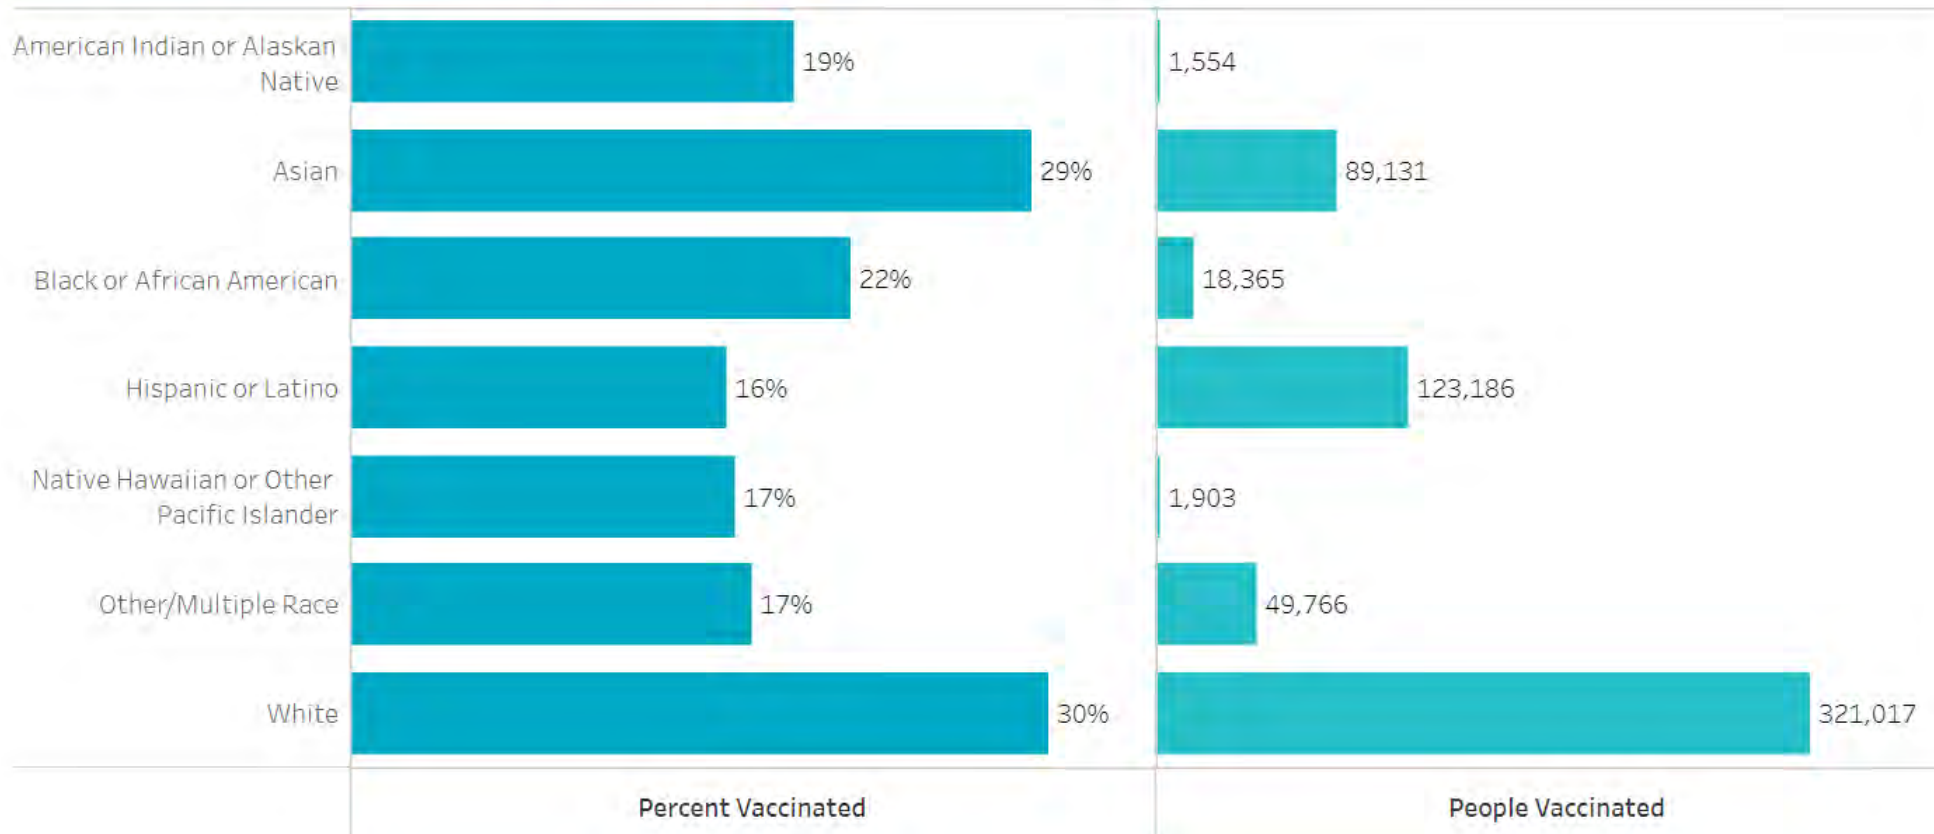

*Primary vaccine series completion is defined as receipt of two vaccine doses for persons over the age of five who received Pfizer-BioNTech, Moderna, AstraZeneca, or receipt of 2 doses for persons who received unspecified US authorized or approved COVID-19 vaccine, or receipt of 1 dose for persons who received Jansen. For those 6 months to 4 years of age, primary vaccine series completion is defined as receipt of 3 vaccine doses for persons who received Fizer-BioNTech, or receipt of 2 doses for persons who received Moderna. Immunocompromised status cannot be determined; therefore, the recommended primary vaccine series schedule is not listed for immunocompromised individuals ages 6 months to 4 years. Booster eligibility is updated each week as the number of San Diego County residents who have completed their primary vaccine series are eligible to receive a booster dose. Individuals are eligible for a monovalent booster dose if 1) they are five years of age and older AND 2) the appropriate time period has passed since completing their primary vaccine series. Additionally, residents may receive a bivalent booster if 1) they are 12 years of age and older AND 2) at least two months have passed after completing their primary vaccine series. Data through 4/22/2023. Updated 4/27/2023.

COVID-19 Vaccinations by Race/Ethnicity in San Diego County

Individuals are eligible for a monovalent booster dose if 1) they are five years of age and older AND 2) the appropriate time period has passed since completing their primary vaccine series. Additionally, residents may receive a bivalent booster if 1) they are 12 years of age and older AND 2) at least two months have passed after completing their primary vaccine series. Data through 4/22/2023. Updated 4/27/2023.

NEW VACCINATION RECOMMENDATIONS

LIVE WELL
SAN DIEGO

WHAT YOU NEED TO KNOW!

- [Everyone aged 6 years and older](#) should get **1 updated Pfizer-BioNTech or Moderna COVID-19 vaccine** to be considered [up to date](#).
- [People aged 65 years and older](#) may get a **2nd updated Pfizer-BioNTech or Moderna COVID-19 booster dose**.
- [People who are moderately or severely immunocompromised](#) may get **additional updated Pfizer-BioNTech or Moderna COVID-19 booster doses**.
- [Children aged 6 months–5 years](#) may need multiple doses of COVID-19 vaccine to be [up to date](#), including **at least 1 updated dose of Pfizer-BioNTech or Moderna COVID-19 vaccine**, depending on the number of doses they've previously received and their age.
- [COVID-19 vaccine recommendations](#)

COVID-19 Booster

LIVE WELL
SAN DIEGO

Most U.S. adults have not yet received an updated (bivalent) COVID-19 booster

An **updated booster** may reduce your risk of severe COVID-19 by 50% or more*

For the best protection, get an updated booster

*Vaccine effectiveness varied based on previous vaccination status of the control group and outcome studied

YOUTH SECTOR

About The Campaign

Four-Part Strategy to Address Illicit Fentanyl Crisis

In December 2022, in light of the illicit fentanyl crisis, San Diego County supervisors voted unanimously to fight the illicit fentanyl crisis by:

Conducting Overdose
Prevention Education

Expanding Naloxone
Distribution

Emphasizing Early
Intervention

Improving Detections of
Outbreaks of Overdoses

Youth-Led Fentanyl & Naloxone Challenge & Creative Assets

Creative Assets

- Led by Jasmine & Youth Sector Content Creators
- Directed and supported by Annika (BHS Youth Sector Liaison) and C&E Student Workers as needed

Youth Challenge

- Led by Victoria, Cristina, & Maireen (BHS C&E Student Workers)
- Promoted by Youth Sector & LWSD Social Media Workgroup

About The Campaign

About The Campaign

2023 SCOOP FROM YOU(TH) CHALLENGE: OPIOID CRISIS | May 9 – July 11, 2023

- Inspired by the COVID-19 [Our Health Deserves a Shot](#) and [Our Health Deserves a Boost\(er\)](#) Youth Challenges
- Purpose:** Part of the Youth Sector and BHS Fentanyl and Naloxone Awareness Campaign to conduct overdose prevention education
- Goal:** Encourage awareness and education on the illicit fentanyl crisis and benefits of naloxone, while engaging youth and social media platforms.

Current Status: Final month of challenge outreach planning and preparing for challenge launch.

Scoop From You(th) Challenge: Opioid Crisis

Calling All San Diego County Youth & Young Adults!

This summer's *Scoop From You(th) Challenge* calls on San Diego youth and young adults to raise awareness about the risks of illicit fentanyl and the importance of naloxone to help prevent opioid-related overdoses through the medium of video and visual art. The challenge is open from **May 9 - July 11, 2023**. Eligible participants between the **ages of 12-25** can submit entries for the categories below for the opportunity to win.

TELL US THROUGH VISUAL ART OR A SHORT VIDEO!

We're looking for positive messages and visuals to share with other youth and young adults! Judging criteria includes: accuracy of information, appeal to youth, originality, creativity, message, and inspiration. Participants may submit a maximum of three entries (no more than one entry per category). The number of entries will not impact an individual's overall score.

CHALLENGE CATEGORIES

- Tik Talk:** Provide an overview on a topic related to the opioid crisis, such as illicit fentanyl or naloxone. Submissions must be 10 minutes or less and feature at least one resource for the community.
- Fast Facts:** Create an original handcrafted or digitally designed piece of visual art that highlights at least one fact specifically about illicit fentanyl or naloxone. See *Official Entry Requirements, Rules, and Tips* for required citations.
- Real Reel:** Create a 15- to 90-second video that provides a personal testimonial or public service announcement related to the opioid crisis. Submissions must provide a clear call to action.

WINNERS WILL RECEIVE THE FOLLOWING

PLATINUM			
1 winner: Any age	\$1,200	Opportunity for video or visual art to be shared through County media communication outlets*	Award ceremony and certificate signed by County of San Diego and Health and Human Services leadership
Featured on County website(s) with a link to the participant's social media or professional website (if applicable)			
GOLD			
3 winners: 12-14 years old 15-17 years old 18-25 years old	\$400	Opportunity for video or visual art to be shared through County media communication outlets*	Award ceremony and certificate signed by County of San Diego and Health and Human Services leadership
SILVER			
3 winners: 12-14 years old 15-17 years old 18-25 years old	\$100	Opportunity for video or visual art to be shared through County media communication outlets*	

* Media communication outlets include digital, print, visual, verbal, or nonverbal communications for legitimate use at the discretion of the County and/or partner organizations.

CHALLENGE INFORMATION:
Visit LiveWellSD.org/ScoopFromYouth to learn more and get started!
Submissions close July 11, 2023 at 11:59 PM.

QUESTIONS:
Please send any additional questions to LiveWellYouth@scounty.ca.gov.

Mission & Vision

Mission

- To improve the overall health of underserved communities in San Diego by controlling or preventing chronic diseases (High Blood Pressure, Diabetes, Obesity) and screening for breast cancer in black women.

Vision

- TO SAVE LIVES, by decreasing the number of strokes and heart attacks (cardiovascular events), which would decrease the incidence of heart disease and deaths among African Americans and to identify and treat breast cancer. **Early detection save lives.**

Monthly Community Health & Resource Fair

OUTREACH	LESSONS LEARNED	SUCSESSES	CHALLENGES	GOALS
<p>CHW'S canvass the neighborhood and pass out flyers.</p> <p>Flyers distributed at community events.</p> <p>*Email distribution *Social media *The Reader *Voice & Viewpoint newspaper</p>	<p>Our dedicated volunteers and prolonged vendor partnerships have made our events successful and sustainable.</p> <p>The need for a Project coordinator to assist with the overall monthly workload.</p>	<p>Increased the variety of our vendors to create a "One Stop Health Hub"</p> <p>We have served our community with love, respect, compassion and cultural sensitivity</p> <p>We added a free transportation van for pick up at ECC</p>	<p>In 2020, COVID caused us to pause the monthly Health Fair for several months. We moved from SDCCE (ECC campus) to the local JRYMCA. The relocation, along with the lingering COVID pandemic, caused a decrease in the # of participants from 600-800 to 150-300/month.</p>	<p>Expand our outreach to increase the participants each month.</p> <p>Continue to improve the overall health of our community. Add additional services like vision, dental screening, etc.</p>

Summary

We have remained committed and consistent in serving our community each month for the last 6 years despite no outside funding for the first 5 years.

We were fortunate to receive funding in 2022 to support our monthly Community Health & Resource Fair for 3 years. This allows us to purchase testing equipment and monthly testing supplies like cholesterol and diabetes test strips and donate free blood pressure machines.

Thank you
