SCHEDULE A FREE VACCINE CLINIC

*EMPOWERING
COMMUNITIES,
ONE VACCINE
AT A TIME*

WHAT VACCINES ARE AVAILABLE?

For pediatric patients (6 months - 18 years old):

- Influenza
- TDAP*
- Varicella*
- Polio*
- HPV*
- and more*

**Sites interested in these specific vaccines should collaborate with our School Sector for coordination.*

HOW DOES IT WORK?

HOW LONG IS A CLINIC?

- Together, we will schedule a clinic time that suits your community and clients.
- Our availability can accommodate early or late start times.
- Evening and weekend times are also available.

HOW MUCH SPACE DO YOU NEED?

- We require a space that accommodates 2-3 tables and 6 chairs.
- The location can be indoors or outdoors.
- In case tables, chairs, or canopies are not available, we can bring our own supplies.

IS THERE A FEE FOR SERVICES?

- Hosting a clinic is free of charge for you.
- Patients do not have to pay any fees to receive a vaccine.

WHAT DO PATIENTS NEED?

Patients should bring:

- An identification document.
- Their health plan details if they are insured and wish to receive a COVID-19 vaccine.

IS HEALTH INSURANCE NECESSARY FOR PATIENTS?

- The patient does not require health insurance to receive a vaccine.

HOW FREQUENTLY CAN WE SCHEDULE A CLINIC?

- We can schedule a monthly visit.
- We can coordinate it with an upcoming event.
- We can assist you in launching a health fair at your location!

CAN YOU SUPPLY A CERTIFICATE OF INSURANCE?

We are able to provide a Certificate of Insurance (COI) and meet any requirements your organization may have.

WHAT VACCINES ARE AVAILABLE?

For adults (18+ years Old):

- Influenza
- COVID-19
- Hepatitis A
- Monkey Pox (MPox)
